

# What is Scrofula

It is that impurity in the blood, which, accumulating in the glands of the neck, produces a slightly lumpy or swelling; which causes painful enlargements of the glands, or, in some cases, develops ulcers in the face, ears, or nose, often causing blindness or deafness; which is the origin of simple, cancerous growths, or many other manifestations usually ascribed to "tumors." It is a more formidable enemy than consumption or cancer alone, for scrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases of the blood. For every few persons are entirely free from it.

# DANVILLE'S DODSON.

A REMARKABLE CRIMINAL CASE RECALLED TO MEMORY.

Attempt to Obtain from the Governor a Pardon for a Notorious Convict.

Dodson is again a talked-of man in Danville. He was a reputable citizen of that place. Now he is a prisoner in the penitentiary.

His crimes, all committed to one end (money), were murder, arson, and embezzlement. For all these he has served many years in the penitentiary.

Recently a petition was forwarded to the Governor asking him to pardon Dodson. When the Danville people heard of it they wondered who had signed the paper. And the Governor has received many letters and more are coming in to him.

The petition comes from Pittsylvania to the Governor for the pardon of Dodson states that upon the trial of the first charge—murder—he was convicted of the crime of murder in the second degree, and was sentenced to imprisonment for life in the penitentiary—for embezzlement three years, and for arson two years—making a total term of ten years.

Dodson, they say, was convicted at the June term of the Hustings Court of Danville in 1875.

At the time Dodson was arrested he remained in the vicinity of Danville after the crime had been committed and took dinner with him. He was well known to the next day, and was great witness on the stand that his whole course was to show that he was innocent at the time of the perpetration of the crime, and also to show that he was innocent of the crime of embezzlement.

The committee also stated that the circumstances of his conviction were peculiar and very mysterious; that Dodson had resided in Danville for seven or eight years before his arrest, and that for about two years in the employment of Messrs. Hutchins, Thomas & Co. as clerk and salesman, and about four years in the employment of William Brothers in the same capacity, during which time he was considered a man of honor and integrity, and possessed the confidence of the entire community.

# COLORED CONFEDS.

NEGRO COMPANY ORGANIZED HERE DURING THE WAR.

A Well-Remembered Fact that They Paraded on the Capitol Square.

The publication in Wednesday's Dispatch of the correspondence had in January, 1862, between Hon. Andrew Hunter and General Robert E. Lee, in the matter of enlisting negroes as Confederate soldiers, recalled to the memory of many of the older residents of Richmond the fact that one company of colored military was organized here during the war.

The company was organized by Major Pickens, and was named the "Colored Confederates." It was organized in the city of Richmond, and was the first company of colored soldiers organized in the South.

# ALBEMARLE NEWS.

COLONEL REINE TO OPEN THE CAMPAIGN NEXT MONDAY.

The Wheat Yield Better than Anticipated—Buildings and Improvements—Other Items of Interest.

[Correspondence of the Richmond Dispatch.]

CHARLOTTESVILLE, Va., August 2, 1888. The Democrats of this county are fully prepared to meet the nomination of Hon. Charles T. O'Ferrall as the representative for this (Seventh) district, and feel confident of reflecting him this fall. The campaign in this county will open next Monday, when Colonel R. E. Reine, of Richmond, will address the Democrats at the courthouse. Next Monday will be a busy day here, and as our farmers have a little holiday now we feel sure they will turn out in full force and give Colonel Reine a rousing welcome.

There is great deal of interest in the improvement going on in the city and suburbs. Several fine mansions and stores are being erected and the Methodist church is being remodelled. By fall, which is expected to be completed, it will be one of the finest and most commodious churches in the city.

The farmers found after threshing their wheat that the yield was much better than they expected. The crop of corn is also generally very fair, but in some localities it is not so good. The yield of this city made an average yield of forty bushels to the acre.

Mr. Ezzert Keller, who has been spending the summer with his parents, left on July 20th for Omaha, Neb., where he will engage in business.

Miss Edith Kewick is visiting the Misses Woodward of Kewick, this county.

Mr. Benjamin P. Ketchum, for several years train-dispatcher in the Chesapeake and Potomac, has been promoted to the position of train-dispatcher in the Northern Virginia Railway, and will leave for Washington, D. C., to take charge of the train-dispatching office of the Richmond and Northern Virginia Railway.

Mr. E. F. Marshall, of Huntington, West Virginia, is visiting at Judge John M. White's.

Mr. Charles A. Pettit left yesterday for Nelson county to visit friends and relatives for several weeks.

The Methodist Sunday school held a picnic at the residence of Mr. J. M. White, and was very successful. About 120 pupils and teachers of the school went out early in the morning, accompanied by their parents. The picnic was held at a place called "The Grove," and was very pleasant. The weather was all enjoyed a nice time, although the weather was very warm.

Items from Kewick. [By telegraph to the Dispatch.]

Kewick, August 2, 1888. A lawn-party given recently at South Plains Church, near Kewick, the Ladies' Home Aid Society cleared \$75, which will be used for the purchase of a new organ for the church. The entertainment was very successful and every one expressed themselves as having a pleasant time. It is said another picnic will be given at the same place.

The farmers around Kewick are busy at present threshing out their wheat and corn. The yield of the wheat is said to be good, and the corn is also doing well. The weather is very warm, and the crops are growing well.

There are a good many summer boarders at Kewick. The weather is very warm, and the crops are growing well. The farmers are busy at present threshing out their wheat and corn.
